

WOLF s ESD

LI20536

DESCRIPTION

S1PS FO SR standard protection, non-slip safety shoes with soft suede leather upper and breathable mesh inserts plus antistatic webbing, Wind 3D ultra-breathable lining which wicks away moisture through the air channels. CAP Light technology ultra-lightweight aluminium toe cap and SAFE System anti-perforation system to ensure complete protection of the foot. These S1PS safety shoes are very comfortable thanks to the sole which features the Infinergy® insert by BASF and ensures energy to maintain a high work performance by restoring 55% energy with each step. Work shoes suited to jobs with a high risk of crushing of the foot and slipping, and in dry work environments. They are ideal for jobs such as transport and logistics, warehouse workers, electricians and carpenters.
