

Model: ZAK s ESD

EU Norm: EN ISO 20344:2021

Article: ORN20094

DESCRIPTION

Zak are safety shoes that meet the **requirements of design and safety**, satisfying the aesthetic taste and the need for **comfort** and protection of the worker every day.

Safety shoes made from **innovative materials** that enhance the eye-catching design of the Red Premium range and footwear. Safety shoes with **water-repellent, soft tumbled microfibre upper** with **reinforced polyurethane toe cover** and **soft white calfskin lining** to wrap around the foot like a sock. The lining extends from the toes to the heel for supreme comfort. High-cut safety shoes that guarantee maximum safety because they are equipped with a **lightweight AirToe Aluminium toe cap** and a **totally metal-free Save & Flex PLUS anti-puncture system** consisting of an anti-perforation insole that ensures full protection of the entire sole of the foot as it is stitched directly to the upper. Safety shoes with **antibacterial and breathable U-Power Original anatomical insole** in soft leather for all-day comfort. The **Infenergy® system** allows an optimal **energy return of more than 55%** at every step. Specific protection for the insulation of the sole of the shoe against the cold.
