BULWARK HF

0UL10204

DESCRIPTION

The Bulwark U-Power safety shoe combines durability, comfort, and advanced protection. The full-grain pull-up leather upper is strong and long-lasting, while the U-DRYTECH membrane ensures waterproof performance and breathability. The 3D Mesh lining enhances moisture management for lasting comfort throughout the day.
Equipped with a metal-free FiberToe safety toe and a lightweight, flexible Save & Flex® PLUS puncture-resistant midsole. The 3-insole system provides customizable comfort. The dual-density PU outsole with Infinergy® insert delivers superior cushioning, energy return, and resistance to slips, oils, and abrasion.
Electrical Hazard (EH) certified, making it ideal for demanding work environments.

UPPER

Waterproof Pull-up full grain leather

LINING
