

**Model:** CLEAR MF

**Article:** UL20314

## DESCRIPTION

The CLEAR safety shoe by U-Power delivers reliable protection and all-day comfort. The water-repellent, breathable New Safety Dry upper and 3D mesh lining keep feet dry and ventilated, even during long shifts.

Featuring an AirToe® composite toe cap (metal-free) and a dual-density PU sole with Infinergy® midsole, it ensures lightweight safety, energy return, and superior cushioning. The outsole is slip, oil, and abrasion resistant, while the SD 35 rating provides static dissipative protection.

Designed with a U-niversal fit, CLEAR offers comfort, performance, and a clean white look for professional environments.
