

THUNDER MF

0UL10324

DESCRIPTION

The Thunder MF is a durable, metal-free safety shoe designed for reliable protection and everyday comfort in demanding work environments. Crafted with water-resistant full grain pull-up leather, it ensures long-lasting durability and protection from the elements. The 3D mesh lining enhances breathability and moisture control, while the AirToe Composite safety toe cap delivers lightweight, metal-free protection. A soft polyurethane dynamic footbed provides comfort and support throughout the day, and the dual-density PU sole with Infinergy® midsole offers excellent cushioning, energy return, and resistance to slipping, oil, and abrasion. The model is also electrical hazard rated, ensuring additional safety in high-risk environments. A solid balance of robustness, comfort, and protection in a clean black design.

UPPER

Pull-up full grain leather – water resistant

LINING

3D Mesh lining for superior breathability and moisture wicking

TOECAP

AirToe Composite Metal Free
