TITAN HF

UL10244

DESCRIPTION

Titan HF features a **high abrasion resistant Putek HD upper with waterproof**. The **3D mesh lining with U-DRYTECH membrane** ensures superior breathability and moisture wicking. Equipped with **BOA® lacing system**.
The **FiberToe® safety toe cap** is **lightweight and metal free**. The **Save & Flex® PLUS composite puncture resistant midsole** is lightweight and flexible. The **3-insole set in soft PU dynamic compound** supports the foot. The **direct-attach dual-density PU sole with Infinergy® midsole** is **slip, oil, and abrasion resistant**. **Static dissipative SD 35 rated**. Available in **black/black**, **sizes 7–12, 13, 14**, **U-niversal Fit width**.

UPPER

Waterproof High abrasion resistant PUTEK® HEXAGON, water repellent and breathable

LINING

3D Mesh lining for superior breathability and moisture wicking U-DRYTECH membrane.

TOECAP

FiberToe lightweight and metal free

ANTIPERFORATION

Save & Flex® PLUS

MIDSOLE

U-Power Original

SOLE/TREAD

PU/PU + Infinergy®

ANATOMICAL INSOLE

from 7-12, 13, 14 U-niversal Fit width

INFINERGY®

Closed-cell expanded polyurethane cushioning insert designed to return energy with every step. Engineered to reduce muscle fatigue, it provides consistent energy return during both walking and prolonged work activities, ensuring high levels of comfort and long-lasting cushioning in all working conditions.

PROTECTION CLASS

I/C SD35 PR SRO

EU NORM

ASTM F2413-24

SIZES

from 7 to 14
