

Model: ARMOR

Article: WMP435NB

DESCRIPTION

The ARMOR U-Power flame-retardant technical fleece is designed to provide warmth, safety and freedom of movement in high-risk work environments, without the use of reflective bands. Made of flame-retardant fabric with permanent protection, it provides excellent thermal insulation while maintaining comfort and breathability during work activities.

The garment features FR flap-covered YKK center zipper, elastic cuffs and front pockets with covered zippers for added protection and practicality. Embroidered flame-retardant pictograms and integrated loops for attaching communication devices, detectors or dosimeters complete the design. ARMOR is the ideal choice for those looking for an essential, technical and reliable FR fleece.
