

Model: BARK

Article: WEX277DG

DESCRIPTION

Bear fleece jacket with **full-zip** zipper ideal in the fall or as a fleece under a heavier jacket in colder weather. The special high pile finish of this **fleece jacket** traps heat ensuring **maximum comfort** and **ideal body temperature**. **Bear jacket** with **stretch fabric inserts** on the inner sleeve and torso to ensure an **optimal fit** and **freedom of arm and torso movement**. Adjustable drawstring anti-wicking from the inside. **Bark** is a **work fleece jacket** also suitable for **leisure**, with numerous pockets: **two zippered front pockets**, **a chest pocket** with Velcro and an **inside zippered pocket** on the lower left side. Completing the design are the sewn **patch** on the right shoulder and **webbing** on the inner bottom, both with the **U-Power logo**.
