

Model: **BARRET s ESD**

Article: 0RN10064

Protection Class: S3S CI FO SR

EU Norm: EN ISO 20344:2021

DESCRIPTION

Barret is a safety work shoes made of **innovative materials** to emphasize its **innovative Made in Italy design**. Safety shoes with **PUTEK® CAP** high-tenacity, **water-repellent**, **breathable upper** with polyurethane **reinforcement toecap** and **soft white calfskin lining** that wraps around the foot like a sock extending from toe to heel. Barret features **an anatomical, breathable and antibacterial U-Power Original footbed** in soft white calfskin to ensure balance and proper foot distribution in the shoe and **Infinergy® system** for an **optimal energy return of more than 55 percent** with each step increasing comfort and well-being every day. High work shoes equipped with **AirToe Aluminium toe cap** to protect the toes and the front of the foot. Instead, the **Save & Flex PLUS metal free Puncture resistance system** ensures total protection of the entire sole of the foot by being directly stitched to the upper. Barret features **anti-static and anti-slip properties**.
