

BLAZYRA

WIN400BR

DESCRIPTION

The Blazyra jacket is designed to provide comfort and protection in all conditions. Made from stretch Softshell fabric, this padded jacket is breathable, windproof and water-repellent, providing the right level of thermal insulation while maintaining freedom of movement.
Functionality is at the heart of its design. It features two spacious zipped front pockets, ideal for keeping your hands warm or storing personal belongings, as well as a spacious inner pocket. The central zip fastening and adjustable, detachable hood allow you to adapt the jacket to your needs.
The cuffs are adjustable with hook-and-loop fastenings for a personalised fit.
For your safety, the jacket features reflective inserts on the elbows to increase your visibility in low-light conditions. It is also designed for customisation, with an internal opening at the back that provides easy access for printing and embroidery.
The product is available only in a single-unit pack (code IN400) and a pack of 10 (code CY400).

MECHANICAL STRETCH

Structural elasticity without added elastic fibers. Ensures comfort, flexibility and long-term shape recovery.

STRETCH FABRIC

Stretch cotton fabric. Combines cotton comfort with elastomeric fiber functionality to create garments that are comfortable, durable and highly breathable.
