

BOGOTA s

ORI21034

DESCRIPTION

Men's work shoes with highly **abrasion-resistant** , **breathable** and **water-repellent** Putek® Plus upper. **Safety shoes** with "**Metal Free** " Puncture resistance system sewn directly to the upper and **Airtoe Composite toe cap** for complete protection of the sole and toe. **Work shoes with slip-resistant** , **oil-resistant** , **anti-static** and **anti-abrasion** sole with special **protection of the sole from cold** (A temp. ≤ 10 °C.). **Comfortable and lightweight safety shoes** with WOW2 **anatomical insole** that reduces body stress by combining self-molding arch support structure and **anti-fatigue insert** , improving the feeling of comfort and well-being. Ideal **safety footwear** for: **gas station attendants** , **mechanics** and **tire dealers** , **agriculture** and **gardening** , **transportation & logistics** , **construction site** and **bricklayer** , **craftsmen** , **carpenters** , **electricians** , **plumbers** , **painters** , **laborers** .

PROTECTION CLASS

S3S CI HI HRO FO SR

EU NORM

EN ISO 20345:2022

SIZES

38-47

UPPER

PUTEK® PLUS highly abrasion-resistant, water-repellent and breathable benefits

TOECAP

AirToe Composite

MIDSOLE

Antifatigue WOW2

ANATOMICAL INSOLE

Natural Confort 11 Mondopoint

PU TEK PLUS

A high-tech fabric exclusive to U-Group, offering high abrasion resistance and optimal flexibility. Designed for S3 safety footwear, it guarantees four times the breathability of standard PU Tek, as per ISO 20344:11 testing. It is a durable material that is completely PVC-free.

LINING

Wingtex® breathable aria tunnel

ANTIPERFORATION

Save & Flex® PLUS benefits

SOLE/TREAD

PU/VIBRAM

VIBRAM®

A world leader in the industry, Vibram® develops rubber soles designed to ensure grip, stability, durability and safety. The result of over 80 years of research and innovation, they combine advanced design and exclusive compounds to deliver high performance, comfort and reliability in any environment.

AIRTOE COMPOSITE TOECAP

Airtoe Composite Toecap. A versatile solution made from a completely metal-free composite material. Weighing approximately 50 grams, it offers excellent thermal insulation and a lightweight design suitable for prolonged use in a variety of working environments.

SAVE & FLEX® PLUS

Save & Flex® PLUS anti-perforation insert. Textile, metal-free protective insert designed to provide superior lightness and flexibility compared to traditional steel plates. Sewn directly onto the upper, it ensures full-foot plantar protection. It offers sole penetration resistance up to 1100 N in compliance with current safety standards.

WOW 2

Anatomical footbed composed of two technical elements: an arch support structure made from a dynamic BASF compound with self-moulding properties, designed to evenly distribute body weight, and an anti-fatigue insert made from a special BASF compound. This combination reduces bodily stress caused by prolonged standing, helping to minimize daily fatigue throughout the working day.
