

BOREAL

WHL385YF

DESCRIPTION

The BOREAL U-Power work vest combines comfort, protection and freedom of movement in all seasons. Made of water-repellent stretch softshell with a soft micro fleece interior, it provides warmth and comfort during work activities, even in variable conditions.
The two-tone design maintains a clean appearance, hiding dirt in the most exposed areas. The vest features a vertical chest pocket and two bottom pockets, all with zipper closures, adjustable drawstring waist and contoured bottom for an ergonomic fit.
To ensure visibility and safety, the garment features heat-sealed segmented reflective bands on the torso and shoulders, without limiting the flexibility of the fabric.
BOREAL is the ideal vest for those seeking functionality, comfort and visibility in one work garment.
