

Model: CALEB s ESD

Article: ORN10094

Protection Class: S3S CI FO SR

EU Norm: EN ISO 20344:2021

DESCRIPTION

Work shoes **caleb** features **innovative materials** that highlight its modern and **attractive design**. Safety shoes with an **upper made of soft, water-repellent tumbled microfiber** with **polyurethane reinforcement toecap**. The **lining** extends from the toe to the heel and is made of soft **white calfskin** to accommodate the foot like a sock. Safety is what has always characterized U-Power work shoes. caleb is a style of high work shoes equipped with an **AirToe Aluminium toe cap** to ensure maximum safety and protection of the toes and the front of the foot. **Save & Flex PLUS metal free** Puncture resistance system consisting of an anti-puncture footbed that ensures total protection of the entire sole of the foot by being sewn directly to the upper. Work shoes with specific **protection for cold insulation** of the bottom of the shoe equipped with **an anatomical, antibacterial and breathable U-Power Original insole** in soft white calfskin leather to ensure maximum comfort all day long.

The **Infinergy® system** provides an optimal **energy return of more than 55 percent** with each step.
