

CHAMONIX

WSK140BC

DESCRIPTION

Thermal/technical tights of sports derivation. The massive presence of polypropylene makes this article light, breathable and at the same time offers excellent thermal insulation. Polypropylene, antibacterial by nature, combined with polyamide has allowed us to obtain a resistant and non-deformable fabric. Finally, the high elasticity means that the knit dresses very snugly so as to achieve a "second skin" effect, which will be suitable for all operators working in cold environments or in unfavorable weather conditions.

SIZES

S/M-L/XL-2XL/3XL

COMPOSITION

57% POLYPROPYLENE - 34% POLYAMIDE - 9% ELASTANE - 220 g/m^2.

STRETCH FABRIC

Stretch cotton fabric. Combines cotton comfort with elastomeric fiber functionality to create garments that are comfortable, durable and highly breathable.
