

Model: **CHIPPER**

Article: WSK310YF

DESCRIPTION

U-Power work socks designed for **coolness** , **comfort** and durability even **on the hottest days** . **Technical fabric** combined with special processing provides **extra ventilation** to keep feet dry and cool throughout the workday. The **supportive ankle band** provides stability and support, while flat seams under the toe prevent annoying friction, improving comfort. The reinforced wear-resistant heel and toe ensure **strength** and **long lasting durability** . The product is only available in lots of 2 pieces.
