

CLEAR

HHA001CL

DESCRIPTION

VISOR CLEAR Protective Visor for ANTARES Helmet
The VISOR CLEAR visor is designed to ensure maximum facial protection in demanding working environments such as construction sites, industrial plants and laboratories. Compliant with EN ISO 16321-1:2022, it protects against mechanical impacts, dust, chemical agents and radiation, ensuring safety and comfort throughout the working day.
The combination of strength, lightness and ergonomic design makes VISOR CLEAR the ideal solution for those who do not want to compromise between safety and comfort.
