CLIFF o ESD

0RI20394

DESCRIPTION

Work shoes Carbon Offset that guarantee **equal to zero co2 emissions** with a view to **eco-sustainability** and **respect for the environment** . The style mounts a **New Safety Dry** , **water-repellent** and **breathable upper** with a high percentage of **recycled material** and an **ultralight AirToe Composite toe cap. Cliffs** are **comfortable safety shoes** ideal for the **chemical industry** . The **WOW2 GREEN footbed cover** is obtained **from 100% renewable sources** and is **antistatic** , **antibacterial** , **anatomical** and **self-molding** . It ensures **comfort** and **prolonged well-being** throughout the day. BASF's 100% **renewably s** ourced **PU sole** is **abrasion-resistant** , **oil-resistant** , **slip-resistant** and **antistatic** . **Breathable** Wingtex® Green **air tunnel lining** made from **recycled materials** .

UPPER

New Safety Dry, water-repellent and breathable with high percentage of recycled material

LINING

Wingtex® Green breathable air tunnel with 66% recycled material

TOECAP

AirToe Composite

ANTIPERFORATION

-

MIDSOLE

WOW2 Green

SOLE/TREAD

BASF's 100% renewably sourced PU Abrasion-resistant, oil-resistant, slip-resistant and antistatic

ANATOMICAL INSOLE

Natural Confort 11 Mondopoint

AIRTOE COMPOSITE TOECAP

Airtoe Composite Toecap. A versatile solution made from a completely metal-free composite material. Weighing approximately 50 grams, it offers excellent thermal insulation and a lightweight design suitable for prolonged use in a variety of working environments.

PROTECTION CLASS

S2 FO SR

EU NORM

EN ISO 20345:2022 S2 FO SR

SIZES

35-48

ESD (ELECTROSTATIC DISCHARGE)

Technology designed to continuously dissipate electrostatic charges accumulated by the human body to the ground. Certified footwear complies with the requirements of the CEI EN 61340 standards for the protection of electronic components, making it suitable for use in EPA (Electrostatic Protected Area) environments during both production and handling of sensitive devices.

WOW 2 GREEN

Eco-friendly footbed composed of two technical elements: an arch support structure made from BASF polyurethane (PU) sourced 100% from renewable resources, featuring self-moulding properties to evenly distribute body weight, and an anti-fatigue insert made from a special BASF compound. Designed to relieve stress associated with prolonged standing, it reduces daily fatigue during working hours.
