DESCRIPTION

High-visibility bomber jacket with detachable sleeves and two reflective bands applied to torso, sleeves and shoulders. Rainproof, breathable and waterproof high-visibility **winter bomber** jacket. **High-visibility jacket** ideal in all low-visibility situations where the worker's presence must be signaled. **Functionality** and **practicality** are **ensured** by the numerous pockets, all zippered: **2** large **front pockets** on the bottom, 1 zippered left-side **chest** pocket and 1 **zippered** right-side chest **pocket covered by a flap** and topped with an additional **cell phone pocket. Bomber jacket with** concealed and adjustable **hood** . Warm and comfortable microfleece collar provides insulation from the cold, while double fabric reinforcement at the elbows ensures the durability of this **high-visibility winter work jacket** . Soft, sturdy elastic ribbed cuffs and hem. The style is available in Yellow Fluo and Orange Fluo colors.
Available in batches of 1 pc (WHL158) and batches of 10 pcs (WCY158).
