

Model: DAVE s

Protection Class: S3S HRO HI CI FO SR

Article: 0RL20524

EU Norm: EN ISO 20344:2021

DESCRIPTION

Work shoes low-top shoes with PU/Vibram soles, particularly suitable in all situations where special insulation of the bottom of the shoe from heat, cold and increased heat resistance of the sole is required. The soft, water-repellent pull-up leather upper and Kevlar® DuPont™ stitching ensure strength, durability and thermal insulation. The PU reinforcing toe cap and double yellow and black laces ensure sturdiness and tightness of the lacing. Protection is provided by the AirToe aluminum toe cap and the Save & Flex®PLUS "No Metal" Puncture resistance system. Safety footwear with slip-resistant, abrasion-resistant and oil-resistant soles.

These safety shoes have an innersole with Infinergy® system and provide more than 55% energy return with each step. Foot health is ensured by the ultra-breathable WingTex air tunnel lining and the anatomical, breathable and antibacterial WOW footbed. dave is suitable for use in wet and cold environments, for use and outdoors on treacherous surfaces and uneven terrain such as construction and building sites, road work and road maintenance, installations, port areas, agriculture and gardening.
