EIGER

WSK406BS

DESCRIPTION

The **Eiger** underwear tights are the prime essential layer to protect you from the cold and wet during work days. Made of a **quick-drying technical fabric** (65% polyamide - 35% polyester), it provides the perfect balance of **thermal resistance** and **breathability** , keeping your legs warm and dry during even the most intense activities.
Breathable inserts promote targeted ventilation in areas of increased perspiration, contributing to constant body temperature regulation and optimal comfort. The ergonomic cut and **close fit** allow the tights to follow every movement of your body without constriction, making them the ideal garment to wear under winter pants.
Choose Eiger for reliable protection and lasting comfort in any situation.
