## DESCRIPTION

**Safety shoes** featuring an **innovative Made in Italy design**, emphasized by the use of **high-quality materials** ideal for all tastes. Protection and comfort are guaranteed as always by innovative technologies and the choice of the best materials. Work shoes safety shoes with **breathable nylon and microfiber suede upper** with **polyurethane reinforcement toecap**. The **lining** is **made of soft white calfskin leather** and extends from toe to heel, wrapping the foot like a sock increasing the high feeling of comfort and well-being of the foot. In addition, **Infinergy®** provides **over 55 percent energy return with each step** ideal for those who do dynamic work. These low-top work shoes feature **U-Power Original**, an innovative **anatomical insole made of soft white calfskin leather** that is breathable and antibacterial. Toe and forefoot safety is ensured by the **AirToe Aluminium toe cap** while the **totally metal free Save & Flex PLUS Puncture resistance system** ensures total protection of the entire sole of the foot being directly stitched to the upper. **Anti-slip and anti-static properties** for added safety and stability.
