

Model: ENDURE

Article: WMP430YF

DESCRIPTION

Multi-risk fleece in flame-retardant fabric with permanent intrinsic protection, designed to combine safety and thermal comfort in cold environments. Equipped with 5 cm FR-certified reflective bands, washable at 60°C for up to 50 cycles, it ensures high visibility during work. Features a central YKK zipper covered by an FR Velcro flap, elastic cuffs, and flame-retardant embroidered pictograms for practicality and safety. Includes integrated loops to secure communication devices, detectors, or dosimeters, and front pockets with covered zippers for safe storage of small items. Ideal for professionals who require flame-retardant protection and thermal comfort on the job.

COMPOSITION

60% Modacrylic • 39% Cotton • 1%
Antistatic • 280 g/m²
