FLY POCKET

WAC363BC

DESCRIPTION

The Fly Pocket is a pair of tool pouches made of durable polyester-cotton fabric with Polyoxford 600D reinforcements in high-wear areas. They provide strength, longevity, and convenience, with hook-and-loop straps for a secure belt attachment.
The pouches are designed to organize tools and small parts: one with open compartments and a zip pocket, the other with three compartments and a strap for quick attachment of hand tools such as screwdrivers and pliers. Ergonomic design ideal for craftsmen, carpenters, and electricians, making work more efficient and organized.

WASHING INSTRUCTIONS

COMPOSITION

65% Polyester • 35% Cotton Contrast
reinforcement fabric: Poly Oxford 600D
