

Model: FRANK s ESD

Article: 0RV20036

Protection Class: S1 PS FO SR

EU Norm: EN ISO 20344:2021

DESCRIPTION

Super lightweight safety shoes ideal for spring and summer. These **work shoes**, with **breathable nylon uppers** and anti-abrasion film **toe protection**, ensure **never-before-seen lightness** and maximum safety: **AirToe Aluminium toe cap**, innovative ultra-lightweight **anti-puncture textile footbed**, and next-generation PU compound **tread** pattern that is **anti-abrasion**, **anti-oil**, **anti-slip**, and **anti-static**. This style of **ultralight safety shoes**, available for both **men** and **women**, ensures **high performance** and increased energy during work, thanks to the **significant reduction in the weight of the shoe**, which translates into prolonged well-being and dynamism. Breathability and comfort are ensured by the presence of the **antibacterial**, **anatomical** and **super breathable U-Power Original footbed** and the **WingTex air tunnel lining**. **Lightweight safety shoes** suitable for dry environment use, ideal for: **transportation & logistics**, **warehouse worker**, **carpenter**, **electrician** and general **craftsmen**.
