

Model: GAME

Article: WHY360GM

DESCRIPTION

Game work shorts are the ideal solution for those seeking comfort and practicality during warmer seasons.

Made of a sturdy **cotton/polyester stretch** fabric, they offer great freedom of movement thanks to the elastic waistband inserts that fit your body perfectly. Their **breathable construction** helps you stay cool and comfortable all day long.

Strength and sturdiness are provided by triple stitching and an accentuated back yoke that offers added protection for the lower back. A soft plastic **D-ring** and central zipper and **rubberized scratch-resistant button** closure complete a design designed to last. Game is a multi-pocketed Bermuda shorts that allows you to have everything at your fingertips, increasing your efficiency at work.

You'll find two large front pockets, two back pockets closed with a flap and Velcro, and a zippered coin pocket.

A multifunctional side pocket with Velcro holds a convenient concealed **badge holder**, while the **meter pocket** and **hammer webbing** make this garment even more functional. For your safety, the design is enhanced by **reflex inserts** on the side and back pockets, which increase your visibility in low-light conditions.

Game Bermuda shorts are the perfect choice for those looking for a reliable, comfortable and practical garment to meet any work challenge.
