

GRANIX

WMP436NB

DESCRIPTION

The Granix long-sleeve polo is made of flame-resistant modacrylic piqué with segmented, heat-sealed reflective strips designed to move with you, ensuring enhanced breathability and comfort. It provides permanent protection against heat, flames, and electric arc, with a technical, functional look ideal for high-risk industrial and professional environments.
The design features FR rib collar and cuffs, a double-layer button placket with covered buttons, and embroidered flame-resistant pictograms for safety and easy identification. The FR reflective strips are washable at 60 °C for 25 cycles, ensuring durability over time.
