

Model: HOWIE ESD

Protection Class: S3S CI FO SR

Article: 0RV10384

EU Norm: EN ISO 20344:2021+A1:2024

DESCRIPTION

Howie is the U-Power **safety shoes** equipped with the practical and innovative **BOA® Fit System**, which allows **quick and precise adjustment of the fit**, ensuring comfort and safety throughout the working day. The **water-repellent Nubuck-effect microfiber upper** offers protection from the elements, making these shoes suitable even for harsh working conditions and wet environments. Safety is further ensured by the **lightweight and sturdy AirToe Aluminium toe cap** and the ultra-lightweight anti-puncture footbed, which effectively protects the sole of the foot from hazards. The **next-generation PU compound outsole** is designed to provide lightweight, slip-resistant **stability** and oil-resistant durability, making it ideal for logistics and transportation professionals and all craftsmen who need convenience, safety and comfort. Howie is the shoe that simplifies your workday, offering maximum protection with unparalleled comfort.
