

**Model:** ICARUS s ESD

**Protection Class:** S1PS FO SR

**Article:** 0RN20046

**EU Norm:** EN ISO 20344:2021

## DESCRIPTION

**Icarus** is a style of low-top, comfortable safety shoes featuring innovative materials that highlight its **Made in Italy** features and **design** . Work shoes with **breathable nylon and microfiber suede upper with polyurethane reinforcement toecap**

The **soft white calfskin lining** extends from toe to heel, and gives high comfort and well-being **by wrapping around the foot** like a sock. **Infinergy®** system provides **over 55% energy return with each step** ideal for those who do dynamic work. **Anti-slip** and **anti-static properties** for added safety and stability. Icarus ensures maximum safety of the toes and the front of the foot thanks to the **AirToe Aluminium toe cap** while the **Save & Flex PLUS metal free Puncture resistance system** ensures total protection of the entire sole of the foot by being directly stitched to the upper. Work shoes equipped with **an anatomical U-Power Original insole** made of soft white calfskin leather that is breathable and antibacterial.
