

Model: JAGO s ESD

Protection Class: S3S CI FO SR

Article: 0RN20084

EU Norm: EN ISO 20344:2021

DESCRIPTION

Work shoes **jago** is a **safety** shoe that meets the **requirements of design and safety** through the choice of **quality materials** and the **most innovative technologies** . Safety shoes with **soft, water-repellent tumbled microfiber upper with polyurethane reinforcement toecap** and **soft white calfskin lining** that wraps around the foot like a sock extending from toe to heel. Jago is a work shoe with specific **protection for cold insulation** of the bottom of the shoe and features **an anatomical , antibacterial and breathable U-Power Original insole** in soft white calfskin to ensure maximum comfort all day long. The **Infinergy® system** allows for an optimal energy return of more than 55% with each step. Safety shoes equipped with **Save & Flex PLUS** metal free Puncture resistance **system** consisting of an anti-puncture footbed that ensures total protection of the entire sole of the foot by being sewn directly to the upper. Comfortable low-top safety shoes equipped with **AirToe Aluminium toe cap** to ensure maximum safety and protection of the toes and the front of the foot.
