

KYRA

WIN289BR

DESCRIPTION

The Kyra work jacket by U-Power is designed to provide comfort and protection in all weather conditions. Made from mechanical stretch Soft Shell fabric, it offers exceptional breathability and is windproof and water-repellent, providing excellent protection against the elements.
The Kyra winter work jacket features two practical zipped front pockets, ideal for securely storing belongings and work tools. One of its key features is the zip-off hood, which provides added versatility according to your needs and the weather conditions.
The pre-shaped sleeves ensure an optimal fit, following the body's natural movements and enhancing comfort during work activities. Reflective inserts at the elbows improve visibility and safety in poorly lit environments.
For added comfort, the jacket features an adjustable drawcord and cuffs, allowing you to personalise the fit. The shaped hem adds a stylish touch while improving coverage and protection.
Available in three colours: Black Carbon, Westlake Blue, Grey Iron.
Suitable for the transport and logistics, building and construction, services and industrial sectors.
The product is also available in a pack of 10 (code CY289).

MECHANICAL STRETCH

Structural elasticity without added elastic fibers. Ensures comfort, flexibility and long-term shape recovery.

EU NORM

CE EN ISO 13688

SIZES
