

# KYROS ESD

OUT10144

## DESCRIPTION

The **kyros** is a **safety footwear** created by U-Power for those seeking the ultimate in comfort and safety. **Made with soft, water-repellent pull-up leather**, it provides excellent **protection against water and moisture** while keeping feet dry and comfortable. The **Infinergy® PU/PU outsole promotes unparalleled energy return**, alleviating back and leg fatigue during long hours of work. The **innovative FiberToe toe cap** provides light weight and strength, while the **Save & Flex® PLUS** puncture-resistant footbed provides safety and flexible mobility in every work situation. Thanks to the **three interchangeable U-Power original footbeds**, the kyros shoe allows you to choose the most suitable fit to further enhance daily comfort and well-being. Available in sizes 35 to 49, it is the ideal choice to make the most of your work days.

## UPPER

Soft and durable water-repellent pull-up leather with TPU heel support

## LINING

Wingtex® with breathable air tunnel

## TOECAP

FiberToe

## ANTIPERFORATION

Save & Flex® PLUS benefits

## MIDSOLE

U-Power original

## SOLE/TREAD

PU/PU and Infinergy®

## ANATOMICAL INSOLE

Natural Confort 11-12-13 Mondopoint

## FIBERTOE TOE CAP

Fibertoe toe cap. Made from fibreglass to provide high mechanical resistance to impact and crushing. Weighing approximately 52 grams, it offers thermal insulation, flexibility and comfort, whilst keeping the footwear lightweight and safe.

## SAVE & FLEX® PLUS

Save & Flex® PLUS anti-perforation insert. Textile, metal-free protective insert designed to provide superior lightness and flexibility compared to traditional steel plates. Sewn directly onto the upper, it ensures full-foot plantar protection. It offers sole penetration resistance up to 1100 N in compliance with current safety standards.

## PROTECTION CLASS

S3S CI LG FO SR

## EU NORM

EN ISO  
20345:2022+A1:2024

## SIZES

35-49

## BOA® FIT SYSTEM

BOA® Closure System. Fast-lacing technology that replaces traditional shoelaces with a micro-adjustable dial, lightweight stainless-steel laces, and low-friction guides. Designed to provide a precise, even, and customized fit with a simple turn, it ensures stability and safety throughout the working day. The system is resistant to impacts, mud, and wear, and allows the footwear to be removed quickly when needed.

## ESD (ELECTROSTATIC DISCHARGE)

Technology designed to continuously dissipate electrostatic charges accumulated by the human body to the ground. Certified footwear complies with the requirements of the CEI EN 61340 standards for the protection of electronic components, making it suitable for use in EPA (Electrostatic Protected Area) environments during both production and handling of sensitive devices.

## INFINERGY®

Closed-cell expanded polyurethane cushioning insert designed to return energy with every step. Engineered to reduce muscle fatigue, it provides consistent energy return during both walking and prolonged work activities, ensuring high levels of comfort and long-lasting cushioning in all working conditions.

## U-POWER ORIGINAL

Anatomical footbed with arch support structure made from a soft dynamic BASF compound. It features self-moulding properties designed to evenly distribute body weight pressure across the sole of the foot, reducing pressure points and optimizing dynamic comfort.
