DESCRIPTION

Comfort and design come together in the **U-Power** Leeds **workwear sweatshirt** , designed for those who need a high-performance, technical garment. The **smooth outer fabric provides durability** and **protection** , while the **soft** , **warm interior** ensures comfort even on cooler days. Thanks to its high **breathability** and **quick-drying** properties, this sweatshirt is ideal for those who work on the move and need practical, high-performance clothing. The **ergonomic cut with raglan sleeves** allows excellent mobility, while the **high collar with half-zip closure** makes it easy to adjust ventilation as needed. The zipper with contrasting colored notches adds a touch of style and makes the sweatshirt distinctive. A **vertical chest pocket** , made of technical fabric, provides practical storage space for essentials while ensuring a secure zipper closure. **Design details** , such as contrasting fabric on the sides and elbows, provide a dynamic, modern look, while stretch ribbed cuffs and hem improve fit and comfort. **Reflective elements** , including the rubber label "lion's head" logo on the side pocket and "U-Power" print under the collar, enhance **visibility** , improving safety in low-light environments. Perfect for wearing either on its own or as a mid-layer under a jacket, this **half-zip sweatshirt** is a versatile solution for all-weather work. Its combination of technical materials and functional details makes it an ideal choice for professionals seeking the right balance of performance and style.
