

LIAM o ESD

0RV20232

DESCRIPTION

Very comfortable and lightweight **white safety shoes** , ideal for **industrial and chemical sectors** . Microfiber **upper** made of **water-repellent** Nubuck effect and closure without laces. **Safety footwear** with innovative sole made of new generation PU compound that makes the shoe especially lightweight. **Anti-abrasion** , **anti-oil** and **anti-static outsole** . New **self-molding** , **anatomical** and **antibacterial** U-Power Original **insole** and **ultra-breathable** Wingtex® air tunnel **lining** ensure foot health and prolonged well-being. **Comfortable and lightweight safety shoes** with AirToe Aluminum toe cap suitable for both men and women, with sizes from 35 to 48.

UPPER

Microfiber water-repellent Nubuck effect

LINING

Wingtex® breathable aria tunnel

TOECAP

AirToe Aluminium

ANTIPERFORATION

Not present

MIDSOLE

U-Power Original

SOLE/TREAD

New generation PU compound anti-abrasion, anti-oil, anti-slip and anti-static

ANATOMICAL INSOLE

Natural Confort 11 Mondopoint

AIRTOE ALUMINIUM TOE CAP

Made from aluminium to combine lightness with protection, ensuring thermal and dynamic comfort for the foot. Weighing approximately 54 grams, it is designed to maintain high safety standards without adding weight to the footwear.

ESD (ELECTROSTATIC DISCHARGE)

Technology designed to continuously dissipate electrostatic charges accumulated by the human body to the ground. Certified footwear complies with the requirements of the CEI EN 61340 standards for the protection of electronic components, making it suitable for use in EPA (Electrostatic Protected Area) environments during both production and handling of sensitive devices.

PROTECTION CLASS

S2 FO SR

EU NORM

EN ISO 20345:2022

SIZES

35-48

U-POWER ORIGINAL

Anatomical footbed with arch support structure made from a soft dynamic BASF compound. It features self-moulding properties designed to evenly distribute body weight pressure across the sole of the foot, reducing pressure points and optimizing dynamic comfort.
