FABRIC: 100% polyester HeiQ Technology - 150 g/m^2 POCKET FABRIC: 86% nylon, 14% elastane - 140 g/m^2

LIBRA

WFU249BC

DESCRIPTION

Men's polo shirt made of thermoregulating fabric with **HeiQ technology** that can maintain a constant ideal temperature. The fabric of this **short-sleeve polo** shirt has undergone a double treatment. The processing of the material with the revolutionary **HeiQ Smart Temp technology** activates **smart thermoregulation** whenever the body temperature rises, triggering a cooling process that automatically turns off when the temperature returns to the ideal level. The result is a **T-Shirt polo shirt** that is always **cool** and **comfortable** . In addition, the *HeiQ Pure treatment** with **antimicrobial** odor control effect ensures a product that is fresher and **cleaner** . This high-tech **work T-Shirt** features a **vertical** zippered **chest pocket** in contrast stretch fabric. Logoed stretch sweatband. In the Burnt Olive and Lime Stone color variants, the reflex **band on the** left side **chest** and reflective **"U-Power" logo print** on the right side complete the design, while in the Black Carbon version the band is textured carbon with black reflective transfer logo. **T-Shirt polo shirt** suitable for **farmers** , **truck drivers** , **carpenters** , **electricians** , **plumbers** , **painters** , **cleaners** , **installers** , **warehouse workers** , **mechanics** , **bricklayers** , **fishermen** and **recreationists** . *This product is treated with a biocide to protect it from microbes and germs. Active ingredient: silver chloride.

HEIQ® PURE

Antimicrobial treatment that combats bacteria and unpleasant odors, keeping garments fresher for longer. Preserves breathability, color and softness throughout the product's lifecycle.

HEIQ® SMART TEMP

Intelligent thermoregulation system activated by body heat. It activates as temperature rises and deactivates when comfort is restored, ensuring dynamic freshness.
