## DESCRIPTION

**Low-top, lightweight safety shoes** with innovative **Puncture** resistance system consisting of an **ultra-lightweight anti-puncture textile insole** and **new sole** with a **new generation PU compound**. These new, highly innovative materials have enabled a significant **reduction in the overall weight of the shoe** to the advantages of the worker's well-being. **Super lightweight safety shoes** with special **sole protection from the cold ( $\leq 10$  °C)**. **PUTEK® star** high-tenacity **upper** and toe protection with **anti-abrasion** film. **Anti-slip** , **anti-oil** , **anti-abrasion** and **anti-static outsole** . **Work shoes super lightweight** suitable in wet and dry environment and especially for: **electricians** , **craftsmen** , **carpenters** , **warehouse workers** , **logistics** and **transportation** sector. Highly **breathable safety footwear** with **air tunnel lining** that ensures moisture dispersion and absorption and **U-Power Original footbed** made of lightweight, **antibacterial** and **breathable** polyurethane compound.

## UPPER

PUTEK® star and anti-abrasion film to protect the tip

## LINING

Wingtex® breathable aria tunnel

## TOECAP

AirToe Aluminium

## ANTIPERFORATION

Save & Flex Air

## MIDSOLE

U-Power Original

## SOLE/TREAD

New generation PU compound anti-abrasion, anti-oil, anti-slip and anti-static

## ANATOMICAL INSOLE

Natural Confort 11 Mondopoint

## PROTECTION CLASS

S3S CI FO SR

## EU NORM

EN ISO 20344:2021

## SIZES

35-48

## EUROPEAN REGULATION

EN ISO 20345:2022
