

Model: OPEN

Article: WHY353BC

DESCRIPTION

The **Open** work vest is the ideal solution for those seeking comfort and functionality without sacrificing lightness.

Made of a sturdy **cotton/polyester stretch** fabric , it provides great freedom of movement and a comfortable fit that lasts all day. Its **breathable construction** helps you stay cool and comfortable even in the most demanding situations.

Durability is a strong point: the vest is reinforced with 600D poly oxford inserts at the points of greatest wear, and is designed to last. The central zipper closure makes the garment quick and easy to put on, allowing you to focus on your work.

Open is a multi-pocket vest that provides you with maximum practicality. You will find two large front pockets closed with a flap and Velcro, ideal for storing your items safely.

On the chest are a flap and Velcro **cell phone pocket** , which includes a convenient concealed **badge holder** , and a pocket with pen compartment to have all your tools at hand. For extra safety, the design is enhanced by **reflex inserts** on the upper chest and back, which increase your visibility in low-light conditions.

The Open vest is the perfect choice for those looking for a reliable, comfortable and practical garment to meet any work challenge.
