

RAMROD

WMP252NO

DESCRIPTION

The RAMROD U-Power quadrivalent pant is made of treated cotton designed to offer certified protection against flame, heat and arc flash, combining safety and everyday comfort in a versatile and durable garment.

Featuring a YKK nylon zipper and invisible button closure, it has an elasticized waistband and raised back band to protect the lumbar area during movement. The functional design includes a large cargo pocket with FR Velcro closure and reflex detail, FR button front pockets and FR Velcro closure back pocket. Printed flame-retardant pictograms and FR silicone logo complete the garment, making RAMROD ideal for work environments that require reliable protection and prolonged comfort.
