

Model: SILVER s ESD

Protection Class: S3S CI FO SR

Article: 0RL10534

EU Norm: EN ISO 20345:2022

DESCRIPTION

Silver is an ESD safety shoe with a water-repellent upper made of soft, durable Pull-Up leather with a reinforced toe cap and Kevlar® DuPont™ stitching that is especially resistant to traction and heat. These safety shoes feature the Infinergy® system that provides more than 55 percent energy return and AirToe Aluminium toe cap for toe protection. Foot health and well-being are ensured by the Save & Flex® PLUS textile anti-puncture insole that protects 100% of the sole of the foot,. The sole is made of compact PU and is slip-resistant, abrasion-resistant, oil-resistant, and antistatic. Work shoes suitable for outdoor, cold and wet use in construction, construction sites, gardening and agriculture, port areas, road maintenance, road work, installations.
