

## SMOKE

HHA002BC

### DESCRIPTION

VISOR SMOKE Protective Visor for ANTARES Helmet

The VISOR SMOKE visor is designed to provide full facial protection in demanding working environments such as construction sites, industrial plants and laboratories. Perfectly compatible with the ANTARES helmet, it protects against impacts, dust, chemical agents and radiation, as specified in points 4-5 of the EN ISO 16321-1:2022 standard.

The VISOR SMOKE visor with smoke tint combines safety, comfort and glare reduction, making it ideal for working in environments with strong lighting or sun exposure.
