

STONEX

WMP433NB

DESCRIPTION

Long-sleeve shirt designed as the first layer of a multi-risk system, part of a coordinated set with trousers. Made from flame-retardant and antistatic fabric with intrinsic protection, it ensures certified safety and consistent performance even after numerous washes at 60°C. The 4-way stretch structure provides maximum freedom of movement and a close fit, while flat anti-chafing seams offer superior comfort in direct contact with the skin. Ideal for tackling the most demanding working conditions without compromising comfort.
