DESCRIPTION

Lightweight safety work shoes with soft microfiber Nubuck effect upper.

These **low-top shoes work shoes** , with lightweight **AirToe Aluminium toe cap** , mount a new generation **ultra-light PU compound sole** , which is anti-abrasion, anti-oil, anti-slip and anti-static.

The brand new **anti-puncture textile insole** , makes this style of **work shoes lighter** than traditional models while ensuring protection of the sole of the foot.

The use of these **innovative materials** in the construction of the sole and Puncture resistance system, together with the aluminum **Airtoe® toe cap** , have allowed for a **considerable reduction in the overall weight of the work shoes** , to the advantages of worker performance and well-being.

CI safety footwear, with special **sole protection from the cold** , ideal for: **electricians , carpenters , craftsmen , warehouse workers , transportation & logistics sector.**

U-Power Original insole in lightweight polyurethane compound ensures comfort and foot health thanks to its **antibacterial , anatomical and breathable features** .WingTex **air tunnel lining** .

Men's and women's safety shoes .
