

Model: TITAN

Article: WMP247NO

DESCRIPTION

The TITAN U-Power pentavalent pant is designed for those who work in high-risk environments and need advanced protection without sacrificing comfort and freedom of movement. Made of modacrylic fiber, it offers inherent flame-retardant, permanent and stable protection over time.

Equipped with certified 5 cm fire retardant reflective bands, washable up to 25 cycles at 60 °C, it provides enhanced visibility in critical conditions. Features YKK zipper closure and invisible FR button, reinforced double-needle stitching, elasticized waist and raised back band to protect the lumbar area during bending and movement.

Functional design includes front FR button pockets, back pockets with Velcro and reflex details, two large FR cargo pockets and printed flame-retardant pictograms. Chemical protection treatment and FR silicone logo complete the garment, making TITAN the ideal solution for high-risk exposure work.

COMPOSITION

60% Modacrylic - 38% Cotton - 2%
Antistatic - 270 g/m²
