TUTENDO

WFU287RL

DESCRIPTION

Rainproof shell with graphene internal printing with **temperature-regulating** , **bacteriostatic** and **odor-control properties** . The presence of graphene inside this **breathable waterproof shell** allows active interaction between fabric and body, promoting **even heat distribution** throughout the body. **Shell jacket suitable for all weather conditions** , equipped with numerous pockets: **two front pockets** , one vertical **chest pocket** with waterproof zipper closure, **two** large **inner pockets** . **Men's shell jacket** with adjustable fixed hood with drawstring and waterproof central zipper closure. Thermo-taped seams and **air intake on the back** to increase breathability. **Tutendo** is a **rain shell jacket** with adjustable drawstring hem; adjustable Velcro cuffs. The design is enhanced by a **reflex band** on the chest and hood. Reflective **"U-Power" logo print** on the chest and **"U-Supremacy" print** on the back. **Waterproof shell** suitable in **transportation** and **logistics** , **building** and **construction** , **service** and **industry** , **agriculture** and **gardening** , and for general **craftsmen** . **Tutendo** matches with **Bioko** pants.

SIZES

S-5XL

COMPOSITION

150D*150D Polyoxford coated TPU with graphene interior printing, 150 g/m^2

GRAFENE

Ultra-light structure with high thermal conductivity that promotes even heat distribution, offers antimicrobial properties and enhances fabric durability.
