

Model: BREAK

Article: WHY354GM

DESCRIPTION

The **Break** work jacket is designed to give you freedom of movement and comfort in any situation.

Made from durable **stretch cotton/polyester fabric**, it ensures a comfortable fit and a breathable structure to keep you feeling at ease even during the most demanding tasks. Durability is one of its key strengths: reinforced with 600D poly oxford inserts at the most exposed areas, this jacket is built to last.

The central zip closure is covered by a flap with velcro, making it both practical and secure. You can customize the fit with adjustable cuffs and hem featuring **rubber-coated snap buttons**.

Break is a multi-pocket jacket that offers excellent functionality and convenience. It features two large front pockets with flap and velcro closures, ideal for safely storing personal items.

On the chest, you'll find a **phone pocket** with flap and velcro closure, including a handy retractable ID **badge holder**, along with a pen pocket to keep everything within easy reach. For added safety, **reflective inserts** on the upper chest and back enhance your visibility in low-light conditions.

The Break jacket is the ideal choice for professionals seeking a reliable, comfortable, and practical garment to tackle every job with confidence.
